Celtic Sea Floating Offshore Wind Leasing Round 5 ("Round 5")

II.1.2) Main CPV code

- 71500000 - Construction-related services

II.1.3) Type of contract

Services

II.1.4) Short description

This is a services concession contract.

The contracts which The Crown Estate expects to enter into as a result of the Celtic Sea Floating Offshore Wind Leasing Round 5 ("Round 5") will grant new seabed rights to developers for the development of new floating wind farms within three project development areas, each of which has a maximum potential energy generation capacity of 1.5GW (meaning a combined maximum potential energy generation capacity of 4.5GW across all 3 project development areas).

These rights will be governed by three separate 'agreements for lease', which The Crown Estate intends to award to three different successful suppliers through a competitive tender process – one for each of the three project development areas. Holders of the agreements for lease will acquire the rights necessary to develop floating offshore wind farms in the relevant project development areas and will have the option to enter into leases with The Crown Estate for the construction and operation of these wind farms for the purposes of the generation, transmission and sale of electricity (or other forms of energy, where permitted), subject to the satisfaction of certain conditions detailed in the agreements for lease.

II.2.4) Description of the procurement

The Crown Estate, as managers of the seabed around England, Wales and Northern Ireland, wishes to award seabed rights to prospective suppliers and developers, which will allow such suppliers and developers to develop, build and operate floating offshore wind farms in the Celtic Sea for the purposes of generating, transmitting and selling electricity (or other forms of energy, where permitted), as part of Round 5.

The contracts which The Crown Estate expects to enter into as a result of Round 5 will grant new seabed rights to developers for the development of new floating wind farms within three project development areas, each of which has a maximum potential energy generation capacity of 1.5GW (meaning a combined maximum potential energy generation capacity of 4.5GW across all 3 project development areas).

These rights will be governed by three separate 'agreements for lease', which The Crown Estate intends to award to three different successful suppliers through a competitive tender process – one for each of the three project development areas. Holders of the agreements for lease will acquire the rights necessary to develop floating offshore wind farms in the relevant project development areas and will have the option to enter into leases with The Crown Estate for the construction and operation of these wind farms for the purposes of the generation, transmission and sale of electricity (or other forms of energy, where permitted), subject to the satisfaction of certain conditions detailed

in the agreements for lease.

VI.3) Additional information

As stated above, this is a services concession contract.

Suppliers wishing to participate in the Round 5 procurement process must complete and submit a pre-qualification questionnaire response in accordance with the requirements set out in the pre-qualification questionnaire.

To obtain the pre-qualification questionnaire and other relevant documents, suppliers must first register on The Crown Estate's e tendering portal, which is available at:

<https://etendering.thecrownestate.co.uk>

via the Links "Round 5 Registration and PQQ User Guide".

Other relevant material which relates to Round 5 (including the information memorandum published by The Crown Estate in December 2023 and other information made available by The Crown Estate during a 'Bidders Day held in Swansea in January 2023) is available at:

<https://www.thecrownestate.co.uk/our-business/marine/round-5-document-library>

The pre-qualification questionnaire includes a more detailed description of the procurement process intended to be followed (including estimated timelines) and the award criteria according to which the three successful suppliers will be identified.

The pre-qualification questionnaire also includes details on how suppliers can submit pre-qualification questionnaire responses, the deadline for submitting pre-qualification questionnaire responses, how clarification questions can be submitted to The Crown Estate via The Crown Estate's e tendering portal and the deadline for submitting such clarification questions.

The Crown Estate reserves the right not to award the opportunity, or to award only part (or a different arrangement) of the opportunity, described in this concession notice.

Further information on this procurement process and indicative timings for the invitation to

tender stages are set out in the pre-qualification questionnaire.

Potential suppliers will be invited via The Crown Estate's e tendering portal to provide an early indication of whether or not they intend to submit a pre-qualification questionnaire response in advance of the deadline for providing a pre-qualification questionnaire response. Such early indications are intended to be for information purposes only and are not intended to be binding on those suppliers that provide them. The provision or non-provision of such indications will not be taken into account in the evaluation of the supplier's pre-qualification questionnaire response.
