The above-mentioned contact point(s)

Tenders or requests to participate must be sent to

The above-mentioned contact point(s)

I.2) Type of the contracting authority

Other type

Non-Departmental Public Body

I.3) Main activity

Defence

I.4) Contract award on behalf of other contracting authorities/entities

The contracting authority is purchasing on behalf of other contracting authorities:

No

Section II: Object of the contract

II.1) Description

II.1.1) Title attributed to the contract by the contracting authority

LYRA Delivery Partner

II.1.2) Type of contract and location of works, place of delivery or of performance

Works

Design and execution

Main site or location of works, place of delivery or of performance

Within an existing building at the AWE site, Burghfield, Berkshire, UK.

NUTS code

- UKJ1 - Berkshire, Buckinghamshire and Oxfordshire

II.1.3) Information on framework agreement

The notice involves the establishment of a framework agreement

II.1.4) Information on framework agreement

Framework agreement with a single operator

Duration of the framework agreement

Duration in years: 12

Justification for a framework agreement, the duration of which exceeds seven years

The length of the project justifies an exemption from the seven-year length of the framework agreement. This is as per DSPCR 2011(20)(10) technical difficulties which a change in supplier will cause.

Estimated total value of purchases for the entire duration of the framework agreement

Estimated value excluding VAT:

Range: between £250,000,000 and £400,000,000

II.1.5) Short description of the contract or purchase(s)

AWE Plc ("AWE") is embarking on a critical transformation of its infrastructure as part of the national endeavour to support the United Kingdom's nuclear deterrent. We have three major infrastructure programmes:

- 1) Future Materials Campus (FMC) - focusing on the required investment to renew AWE's manufacturing and storage capability for nuclear materials and increasing capability for material recovery.
- 2) Future Infrastructure Programme (FIP) - focusing on delivering AWE's wider infrastructure needs in relation to new office accommodation; laboratories; testing facilities, site services, and advanced manufacturing facilities.
- 3) Liabilities management - Our sites have been operating for a number of decades, and as a result many facilities are reaching the end of their operational life. Liabilities management runs programmes to safely decommission and demolish these legacy facilities and manage the wastes generated.

This opportunity relates to a complex high hazard plant at AWE Burghfield site and is one of the critical facilities to be delivered as part of the FIP programme.

Further information regarding AWE can be found at <https://www.awe.co.uk/>
(<https://www.awe.co.uk/>)

AWE is seeking to establish a single supplier framework to contract and work with a strategic delivery partner on a Tier 1 basis with the overarching scope of delivering and the managing design, installation and re-kit of several sectors within an existing explosives/hazardous building located on the AWE Burghfield site,

The Framework will have capacity to deliver two main packages of work:

- 1) Work Package 2 (Early works package): To deliver the wider facility investment in mechanical, electrical and HVAC systems upgrade. This will include supply and installation of mechanical & electrical services, control & instrumentation, architectural fit-out, specialist doors, and process plant & equipment. This will occur in the first phase of the contract.
- 2) Work Package 1 (Main works package): Front-end development of mission delivery specific activities; production of options appraisal, safety case processes, the supply and installation of mechanical & electrical services, control & instrumentation and process plant & equipment. This will occur in the second phase of the contract and the award of this phase is subject to strong performance in Work Package 2.

The work packages have been numbered in the manner due to the order in which the business cases were produced, this will not affect delivery.

The location of the works is our Burghfield site, which is covered by a Nuclear Site Licence and Explosives Site Licence and various environmental permits, places strict demands for compliance with these Licences associated with working in such an environment. Each Contractor shall comply with and carry out works in accordance with the Client's security requirements. The sites are also a Control of Major Accident Hazards Installation (COMAH) (Lower Tier).

The Contracting Authority intends to use an e-tendering system for this procurement exercise (the Defence Sourcing Portal or "DSP"). Interested parties are required to register their interest by contacting aweprojectlyra@awe.co.uk, when further information will be provided. Please include the following information in your email:

- Subject: "EOI LYRA Delivery Partner Procurement"
- Key Contact Name
- Company Name
- If you already have a DSP account - the name of your organisation, and the username and email address for the primary point of contact as registered in DSP

Upon receipt of your expression of interest, you will be sent a Confidentiality Agreement for signing and a proforma for completion. The Confidentiality Agreement must be signed and returned to the above email address, at which point AWE will conduct a security assessment based on the information provided in the proforma. You will also be provided with guidance on how to create an account on the DSP if you do not already have one.

Only suppliers who meet AWE's security requirements and have received a countersigned Confidentiality Agreement will be granted access to the Pre-Qualification Questionnaire (PQQ) documentation through the e-tendering system.

Candidates who have submitted expressions of interest prior to 27 February 2025 and satisfied the confidentiality requirements noted above, will simultaneously be given access to the PQQ documentation and the e-tendering system on 27 February 2025. No Candidate will be granted access before this date. Any Candidate who submits an expression of interest after 27 February 2025 and satisfies the confidentiality requirements noted above, will be given access as soon as possible thereafter. Receiving access to the PQQ after the 27 February 2025 will not entitle a supplier to an extension.

AWE will be procuring the contract under the negotiated procedure with prior publication of a contract notice (the "competitive negotiated procedure"), and reserves the right not to

negotiate. It will follow a two-stage approach:

- 1) Stage 1: Pre-qualification questionnaire: Information will be available at OFFICIAL level, and will be used to shortlist suppliers
- 2) Stage 2: Tender stage, information will be available at OFFICIAL SENSITIVE level (including Invitation to submit initial tenders, Invitation to negotiate [if used], and Invitation to submit final tenders [if used]).

This will be detailed fully in the in the procurement documentation.

II.1.6) Common procurement vocabulary (CPV)
