## **Section VI. Complementary information**

## VI.3) Additional information

In April 2015 the MOD signed a thirteen year contract with Leidos Europe Ltd to provide the procurement and inventory management of commodity items (as well as the storage and distribution services) historically provided in-house by the Logistic Commodities and Services Operating Centre. Leidos, working with the MOD, will transform the way these services are delivered to ensure requirements continue to be met whilst providing best value for money for the department. The organisation delivering these services is known as Team Leidos. Team Leidos would like to make interested suppliers aware that it intends to invite tenders for its supply and delivery of Electrical Components.
