II.2.4) Description of the procurement

The provision of an Incident Command Unit Vehicle for Essex County Fire and Rescue Service to enable suitable control of incidents.

An Incident Command Unit (ICU) is a mobile command centre used during emergency situations to manage and coordinate response efforts.

It serves as a central hub for communication, decision-making, and resource allocation.

Key functions of an ICU include:

- Establishing an Incident Command Post: This is the location where the Incident Commander and their staff operate.
- Coordinating Response Efforts: Ensuring all responding agencies and personnel work together efficiently.
- Managing Resources: Allocating personnel, equipment, and supplies to where they are needed most.
- Communication: Facilitating communication between different agencies and responders on the ground

ICUs are essential for maintaining order and effectiveness during complex incidents, such as natural disasters, large-scale accidents, or terrorist attacks.
