Reference number

DN764299

II.1.2) Main CPV code

- 85300000 - Social work and related services

II.1.3) Type of contract

Services

II.1.4) Short description

The Care Act 2014 requires Councils to provide services which enable a shift towards more personalised care and support. In providing services for Adults who meet Care Act eligibility criteria, the Council must have regard to the need to promote individuals' well-being, including physical and mental health, emotional wellbeing, participation in work, education, recreation, and social and economic wellbeing

The Act further identifies that high-quality, personalised care and support can only be achieved where there is a vibrant, responsive market of service providers. Duties are placed on councils to commission a diverse and sustainable range of care and support providers who continuously improve quality and choice, in order to meet the needs of people who need care and support.

Community Choices (formerly day opportunities) play a key role in supporting disabled and older people to maintain and develop new skills, prevent social isolation, support inclusion and presence in their local communities and provide a break from caring and support for unpaid carers ensuring they can continue to offer ongoing support. Through feedback from service users, carers and stakeholders there is drive to move away from a predominantly building based day opportunities approach in favour of a broad scope incorporating assets which provide a range 'community-based support' choices including, but not limited to:

- Building based opportunities for those with the most complex support needs

- Short term enablement and skills development
- Centres providing a base for multiple activities with in-reach and outreach to the local community
- Education / training
- Preparation for employment

II.1.5) Estimated total value

Value excluding VAT: £2,144,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description
