Cobham

Email

absbidsupport@advancedcomputersoftware.com

Country

United Kingdom

NUTS code

- UK - United Kingdom

Internet address

<https://www.oneadvanced.com/>

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The Housing Executive is invoking Regulation 72 to modify the total contract value by less than 50% as is permissible under the Regulations to avail of the extensions made available in the contract conditions.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The business area within the Housing Executive that uses the system procured via this procedure has invested in a number of significant enhancements and additional modules over recent years and a major system upgrade was implemented in May 2024. Extending the contract represents a cost effective approach to deliver the return on this investment. Replacing the current system would likely lead to a duplication of implementation costs not associated with an extension of the existing contract. Therefore the most viable, least disruptive and best value option is to extend the current contract in accordance with the existing contract conditions for a period of 48 months and review the procurement options prior to the end of that period.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £2,000,000

Total contract value after the modifications

Value excluding VAT: £2,500,000
