The purpose of this PIN is to maximise transparency and competition for the upcoming tender. Interested Suppliers will need to express their interest as per instructions specified in this PIN in order to be considered for this tender opportunity. All details in this PIN are subject to being updated or changed in the final tender documents.

ScottishPower shall enter into a new framework agreement for the supply and fitment of tyres and tubes and associated support services for cars, light commercial vehicles (LCVs), Heavy Goods Vehicles (HGV's), 4 x 4s, plant and trailers. The successful Supplier will be required to supply and fit tyres with associated support services throughout the UK, including remote areas in Scotland.

ScottishPower invites all interested Suppliers to register on its global supplier platform Go Supply under the "Maintenance & Repair Services in Transport & Distribution" category.

If you are already registered on Go Supply, please ensure that you have added the above-mentioned category to your profile to express interest in this tender.

Go Supply registration will be the first stage of qualification. Only Suppliers that are registered on the Go Supply platform under the category stated above will be invited to participate in the supplier selection phase and ultimate tender. Suppliers can register free of charge via <https://www.mygosupply.com>.

Registration details and instructions on Go Supply are as per notices below;

#### **VI.4.3) Review procedure**

Precise information on deadline(s) for review procedures

For contracts subject to the Utilities Contracts Regulations 2016, utilities are required to incorporate a standstill period at the point information on the proposed award of the contract is communicated to tenderers. That notification is required to provide full information on the award decision. The standstill period, which will be for a minimum of 10 calendar days, provides time for unsuccessful tenderers to challenge the award decision before the contract is entered into.

Where the Utilities Contracts Regulations 2016 (SI 2016 No 274) apply, provision is made for aggrieved parties who have been harmed or are at risk of harm by a breach of duty under the regulations to take action in the High Court (England, Wales and Northern Ireland).
