In line with the NHS Long Term plan, Herts and West Essex Integrated Care Board has an ambitious

strategy to integrate the delivery of health and care for the population. The West Essex system has been

on a journey of integration with its incumbent providers for a number of years to develop integrated

solutions for delivery of services across a number of different pathways.

The incumbent provider, Essex Partnership University NHS Foundation Trust (EPUT) are a key partner

within the system. As a key partner the Authority has been working with EPUT to redesign services which

will deliver true integration with both the local acute and primary care providers.

The following key services are in scope (this list is not exhaustive): Community Nursing / Integrated Care Teams, Community Inpatient Beds, Early Supporting Discharge Stroke Service, Physiotherapy, Orthotics, Occupational Therapy, Speech & Language Therapy, Bladder & Bowl, Dietetics, Podiatry, Respiratory Physio, Pulmonary & Cardiac Rehab, Wheelchairs, Equipment, Long COVID and virtual hospitals . Also included are multi-provider services such as PCN Aligned Care Teams, Care Coordination Centre and Integrated MSK service which rely heavily on the integration of EPUT teams to deliver the West Essex place Out of Hospital Strategy.

## Section IV. Procedure

### IV.1) Description

#### IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Herts and West Essex ICB has been working with its system partners for a number of years to develop a

strategy to deliver truly integrated health services to its patient population.

This development has reached a crucial point with a number of key transformational programmes being

both in development, and in place, which are being tested and evaluated.

The Hertfordshire and West Essex Board was established on 1st July 2022, as such commissioning

strategies are being developed. To procure the services at this point will likely destabilise the excellent

progress which is being made and delay implementation of the integrated care programmes. Any delay

would also have an adverse impact on the patient population.

#### IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
