## Scope

## Reference

C416336

## Description

Implants – primarily for reconstruction for patients post Head and Neck Cancer Surgery often during Head and Neck Cancer surgery in theatre.

Southern implants are the main implant system used in the Trust, supporting this we have access to the Southern Team and Rep who have proven invaluable for emergency orders for urgent Head and Neck Cancer impromptu cases that arise and ensure the patient gets the best rehabilitation and functional /aesthetic outcome to ensure patient dignity and quality of life. Each Implant system has its own kit/instruments that must be used for placement and the Trust has these kits. Most of the implant patients seen already have Southern implants fitted so need.
