I.6) Main activity

Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Provision of Network services for Water and Wastewater networks

Reference number

prj_4008

II.1.2) Main CPV code

- 50000000 - Repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

Southern Water Services (SWS) is anticipating that AMP8 will be the largest investment programme it has ever undertaken, given its plans for WINEP and WRMP, and the service it is seeking to deliver for customers.

SWS is also developing new approaches to how it manages and maintains its clean and wastewater networks, and how it successfully implements new technology and innovation within its construction, operations and maintenance activities to deliver its vision and ambition.

To support this process, SWS is seeking to appoint Network Services providers to assist in the maintenance and management of its clean and wastewater networks, including but not limited to:

- Reactive operate, repair and maintenance services (including reinstatements)
- Planned preventative and inspection services
- Planned new services/connections for Water Supply & Distribution Network

II.1.5) Estimated total value

Value excluding VAT: £900,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Lot award combination to be confirmed in Contract Notice. However the Contractor awarded to Lot 2 Water Network can not also be awarded Lot 3 Leakage Specialist.

II.2) Description

II.2.1) Title

Wastewater Network Services

Lot No

1

II.2.2) Additional CPV code(s)

- 45232151 - Water-main refurbishment construction work
- 45259100 - Wastewater-plant repair and maintenance work
- 50000000 - Repair and maintenance services
- 50324200 - Preventive maintenance services
- 50511000 - Repair and maintenance services of pumps
- 65100000 - Water distribution and related services

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

Main site or place of performance

Sussex, Hampshire, Kent and Isle of Wight

II.2.4) Description of the procurement

A collaborative framework will be established with network service provider(s) for the following six service lines:

1. Operate & Maintain
2. Dig & Rehab
3. Lining
4. Aids to Navigation
5. Environmental investigation, impact assessment and response
6. Telemetry and smart devices

The Service Provider(s) will be required to support the utilisation of our industry leading digitized smart network - we have over 23,000 sensors installed into our sewer network, plus nearly 1,000 Duration Monitors which help us move to proactively generated work, not reactive work initiated by customers.

The lotting structure for the Wastewater Network Services will be finalised following further market engagement, parties interested in providing any of the service lines outlined above are invited to respond to this PIN, SWS will shortly be engaging with all interested parties to seek the market's inputs to assist in developing the appropriate lotting structure.
