Planning

AMP 8 Framework - Capital Infrastructure

Southern Water Services Ltd.

F04: Periodic indicative notice – utilities

Periodic indicative notice only

Notice identifier: 2023/S 000-006556

Procurement identifier (OCID): ocds-h6vhtk-03aea5

Published 7 March 2023, 11:32am

Section I: Contracting entity

I.1) Name and addresses

Southern Water Services Ltd.

Southern House

Worthing

BN13 3NX

Email

Kirsty.Lodge@southernwater.co.uk

Telephone

+44 1903264444

Country

United Kingdom

Region code

UKJ - South East (England)

National registration number

02366670

Internet address(es)

Main address

www.southernwater.co.uk

Buyer's address

<https://southernwater.bravosolution.co.uk/>

I.3) Communication

Additional information can be obtained from the above-mentioned address

Electronic communication requires the use of tools and devices that are not generally available. Unrestricted and full direct access to these tools and devices is possible, free of charge, at

<https://southernwater.bravosolution.co.uk/>

I.6) Main activity

Water

Section II: Object**II.1) Scope of the procurement****II.1.1) Title**

AMP 8 Framework - Capital Infrastructure

Reference number

prj_4065

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

Southern Water Services (SWS) is anticipating that AMP8 will be the largest investment programme it has ever undertaken, given its plans for WINEP and WRMP, and the service it is seeking to deliver for customers. SWS now wishes to secure a range of supply chain partners for the delivery of its AMP8 capital programme. The AMP8 regulatory period will run from April 2025 to March 2030. The current frameworks used for engineering, design and construction services have been in place for almost 10 years and expire on 31st March 2025. In procuring new frameworks, we are seeking to build on positive changes made in AMP7, but also to look beyond AMP8 and take important steps to reflect supplier feedback, moving towards excellence in all that we do. The new arrangements will offer the option of running for AMP9.

In parallel to this procurement process, Southern Water is working up its plans for PR24 – including working with our regulators and stakeholders to confirm the investment that will be available, and the capital delivery projects that will need to be undertaken. The PR24 process will benefit from having the AMP8 supply chain in place to assist with ongoing planning and transition to AMP8.

A collaborative framework will be established to deliver low complexity infrastructure design and build schemes.

II.1.5) Estimated total value

Value excluding VAT: £500,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 45231300 - Construction work for water and sewage pipelines
- 45232100 - Ancillary works for water pipelines
- 45232130 - Storm-water piping construction work
- 45232150 - Works related to water-distribution pipelines
- 45232151 - Water-main refurbishment construction work
- 45232152 - Pumping station construction work
- 45232400 - Sewer construction work
- 45232410 - Sewerage work
- 45232411 - Foul-water piping construction work
- 45232420 - Sewage work
- 45232421 - Sewage treatment works
- 45232422 - Sludge-treatment works
- 45232423 - Sewage pumping stations construction work
- 45232424 - Sewage outfall construction work
- 45232430 - Water-treatment work
- 45232431 - Wastewater pumping station
- 45232440 - Construction work for sewage pipes
- 45252100 - Sewage-treatment plant construction work
- 45252120 - Water-treatment plant construction work
- 45252126 - Drinking-water treatment plant construction work
- 45252127 - Wastewater treatment plant construction work
- 45252140 - Sludge-dewatering plant construction work

- 45259100 - Wastewater-plant repair and maintenance work
- 65100000 - Water distribution and related services
- 65110000 - Water distribution
- 65111000 - Drinking-water distribution
- 65120000 - Operation of a water-purification plant
- 65130000 - Operation of water supplies
- 71310000 - Consultative engineering and construction services
- 71800000 - Consulting services for water-supply and waste consultancy
- 72224000 - Project management consultancy services

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

Main site or place of performance

Sussex, Hampshire, Kent and Isle of Wight

II.2.4) Description of the procurement

Infrastructure framework - we are retaining the concept of the Low Complexity Delivery Route (LCDR) from AMP7 and procuring a new Infrastructure Framework to replace the Infrastructure LCDR. The new framework is intended to be used for routine asset replacement works which require limited design and can be readily packaged and allocated by Southern Water. We have a new framework for Non-Infrastructure (above ground asset) works, starting in 2023; this PIN notice is for the provision of Infrastructure (below ground) works.

The works and services for this framework shall consist of both Water and Wastewater Infrastructure related activities including; pre-construction survey and investigation, outline and detailed design, civils, mechanical, electrical, controls and instrumentation and commissioning works and services.

Services to be provided in respect to works relating to the Southern Water's water and

wastewater pipeline and pumping station installations, covering; replacement, renovation and rehabilitation. .

Services to be provided across Southern Water's whole operating area.

The works may be let as either Pre- Construction Services contracts or Works Contracts.

Work may be allocated as individual projects or sub-programmes containing multiple projects, dependent on scale and complexity.

Projects will vary in complexity, ranging from small maintenance activities to the repair of strategic mains.

Work allocated will be largely planned works, though will include some re-active projects which will require a rapid response.

Technical services and capabilities relating to the development and delivery of Nature Based Solutions, Catchment based solutions, and adoption of low carbon technologies or working methods to assist us in our net zero ambitions

Technical services and capabilities relating to the practical implementation of innovation for capital programmes, including but not limited to digitization, modular construction, and adoption of new technologies

In general, we anticipate that Southern Water will act as the intelligent client, defining the asset need, options and prioritisation. This approach is detailed in our Asset Life Cycle Planning (ALP) process, which includes Risk and Value (R&V), and Investment Decision (ID) stage gates.

We anticipate commissioning projects, programmes or tranches of work from those on the Framework, through mini-competition or direct award.

II.2.14) Additional information

Initial term of 5 years with extension options up to a further 3 years

II.3) Estimated date of publication of contract notice

4 April 2023

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

Section VI. Complementary information

VI.3) Additional information

Please go to our opportunity notice and register your interest here:

<https://southernwater.bravosolution.co.uk/esop/guest/go/opportunity/detail?opportunityId=55889>

We will be undertaking further market engagement through our portal.

We anticipate to issue the call for competition around 04/04/2023 on our tendering portal

<https://southernwater.bravosolution.co.uk>

IF UNREGISTERED PLEASE FOLLOW THE INSTRUCTIONS BELOW TO REGISTER

1. Register your company on the e-tendering portal (this is only required once).

Select the 'Login or register to participate' link above and click the 'Register now' link on the home page.

Accept the terms and conditions and click 'Next'

Enter your correct business and user details.

Note the username you chose and click 'Save' when complete

You will shortly receive an email with your unique password (please keep this secure).

You will then have access to Southern Water's opportunities.
