Planning

Orthopaedic Patient Reported Outcome Measures (PROMs) and Outcomes Reporting System / Software

Royal Berkshire NHS Foundation Trust

UK2: Preliminary market engagement notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-006556

Procurement identifier (OCID): ocds-h6vhtk-060e44

Published 26 January 2026, 11:35am

Scope

Description

The Royal Berkshire NHS Foundation Trust requires a hosted and fully maintained electronic orthopaedic Patient Reported Outcome Measures (PROMs) and outcomes reporting system / software that can be integrated with the Trust's Electronic Patient Record (EPR) system to enable seamless communication between the provider and the patients, with minimal administrative support from the Trust, which will ensure that the Trust remains compliant with its statutory reporting requirements.

The system / software is to enable the effective, efficient and streamlined collection and uploading of Patient Reported Outcome Measures (PROMS) and National Joint Registry (NJR) data through a single, streamlined system by the supplier on behalf of the Trust to the below listed locations / registries at the base of this description. It is expected that the supplier would be largely independent in ensuring these reporting requirements are met, with limited engagement from the Trust administrative teams required. The provider must also provide access and analysis of the data collected through a user-friendly interface for the Trust to be able to review and understand the data being collected, enabling it to support strategic decision making. One of the core KPIs for the supplier will be ensuring that the Trust remains within the top categories for meeting its reporting requirements,

and the provider is therefore expected to analyse and resolve any barriers to the achievement of these, in collaboration with the Trust. The supplier must be adaptive to changes to national reporting requirements and registries and ensure that the Trust remains compliant with these.

- NHS England;
- Private Healthcare Information Network (PHIN)
- British Orthopaedic Foot and Ankle Society (BOFAS);
- The British Society for the Surgery of the Hand (BSSH);
- National Ligament Registry (NLR);
- UK Knee Osteotomy Registry (UKKOR);
- Non-Arthroplasty Hip Registry (NAHR);
- The British Spine Registry (BSR);
- The International Cartilage Regeneration and Joint Preservation Society (ICRS); and
- Healthcare Quality Improvement Partnership (HQIP) through - NEC Software Solutions UK Ltd;

Organisations who can provide software and the additional supporting services that meet these requirements need to email Christopher Dickenson - Procurement Manager (christopher.dickenson@royalberkshire.nhs.uk) introducing your organisation and your software & service offering.
