Catergorised Projects - Fire Detection Systems

Reference number

Fire Detection System

II.1.2) Main CPV code

- 51700000 - Installation services of fire protection equipment

II.1.3) Type of contract

Services

II.1.4) Short description

This is a general specification for the provision of a Fire systems framework to support Categorised Projects in the delivery of a Project Management and install service in compliance with the relevant Sellafield Ltd Management Systems (SLMS). The successful contractor is required to demonstrate capability to deliver system design, if it were to be required, to fulfil specific task delivery and scope as detailed in works information.

Categorised Projects is a centralised team who deliver categories of similar Projects across the Site Management Project Office (SMPrO) from one Project to the next and using the economies of scale and consistency.

The scope of this frame work is for provision of services including, Project Management of installation of fire services, building evacuations and emergency lighting systems.
