Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Network Boiler Refurbishment

II.1.2) Main CPV code

- 44620000 - Central-heating radiators and boilers and parts

II.1.3) Type of contract

Supplies

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber

II.2.4) Description of the procurement at the time of conclusion of the contract:

The work associated with this contract modification relates to necessary extensions of scope to fulfil the overall project requirements that were not originally envisaged as required. These additions include the provision of temporary hoses, additional delivery cost, system flushing and storage costs as well as an additional boiler which replaces an existing unit originally considered fit for purpose. Subsequent load calculations proved that this was not the case.

II.2.7) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

5 March 2024

End date

31 December 2024

Section IV. Procedure

IV.2) Administrative information

IV.2.1) Contract award notice concerning this contract

Notice number: [2023/S 000-003443](#)

Section V. Award of contract/concession

Contract No

2

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract/concession award decision:

26 February 2024

V.2.2) Information about tenders

The contract/concession has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

Armstrong Fluid Technology Ltd

Manchester

Country

United Kingdom

NUTS code

- UKD - North West (England)

Companies House

08522306

The contractor/concessionaire is an SME

Yes

V.2.4) Information on value of the contract/lot/concession (at the time of conclusion of the contract;excluding VAT)

Total value of the procurement: £696,611.31

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

Northern Gas networks

Leeds

Country

United Kingdom

Section VII: Modifications to the contract/concession

VII.1) Description of the procurement after the modifications

VII.1.1) Main CPV code

- 44620000 - Central-heating radiators and boilers and parts

VII.1.3) Place of performance

NUTS code

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber

VII.1.4) Description of the procurement:

The work associated with this contract modification relates to necessary extensions of scope to fulfil the overall project requirements that were not originally envisaged as required. These additions include the provision of temporary hoses, additional delivery cost, system flushing and storage costs as well as an additional boiler which replaces and existing unit originally considered fit for purpose. Subsequent load calculations proved that this was not the case.

VII.1.5) Duration of the contract, framework agreement, dynamic purchasing system or concession

Start date

5 March 2024

End date

31 December 2024

VII.1.6) Information on value of the contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession:

£696,611.31

VII.1.7) Name and address of the contractor/concessionaire

Armstrong Fluid Technology Ltd

Manchester

Country

United Kingdom

NUTS code

- UKD - North West (England)

Companies House

08522306

The contractor/concessionaire is an SME

Yes

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The work associated with this contract modification relates to necessary extensions of scope to fulfil the overall project requirements that were not originally envisaged as required. These additions include the provision of temporary hoses, additional delivery cost, system flushing and storage costs as well as an additional boiler which replaces and

existing unit originally considered fit for purpose. Subsequent load calculations proved that this was not the case.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

The proposal to source this contract directly with this supplier is based on standardization and the benefits gained from such an approach including maintenance, commonality of spares (supply and stockholding), servicing and associated training requirements. Having a consistent approach across the network gives efficiencies in all these areas.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £644,973

Total contract value after the modifications

Value excluding VAT: £696,611.31
