Value excluding VAT: £1,200,000,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

This procurement has created a multi-supplier Commercial Agreement for the provision of Fuel Cards and Associated Services across the UK (regional and nationwide) and Europe. As part of this Commercial Agreement, the Supplier will make available to Contracting Authorities the following mandatory requirements:

- Fuel card functionality.
- Fraud prevention of lost and stolen fuel cards.
- Security of Contracting Bodies' information.
- Customer Service and Account Management.
- Social Value.
- Transition and Implementation where the award of a Call Off Contract under the Framework Agreement results in a change of Supplier.
- Continuous Improvement: Delivering Efficiencies and Increasing Performance.
- Invoicing and Payment Online Management Tool.

- Contracting Authority Management Information.
- Authority Management Information.
- Specific Services

II.2.5) Award criteria

- 4) Transparency Agenda

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

<https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders were required to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.
