Description

This procurement is for Bogie and Door Damper Related supplies for the 92TS Central Line, 73TS Piccadilly Line and S-Stock (Metropolitan, District, Circle and Hammersmith & City Lines) and 96TS Jubilee Line Fleets from ITT Holdings Czech Republic s.r.o. (KONI) in accordance with the Procurement Act 2023. This requirement supports the Fleet Maintenance programme of work.

- 92TS - Door Engine Damper
- 92TS - Bogie Damper - Vertical and Horizontal

- 92TS - Bogie Damper - Top Bushes and Bottom Bushes
- S_Stock - Bogie Damper - Vertical and Horizontal
- 73TS - Bogie Damper - Horizontal
- 96TS - Door Damper Cylinder

Total Contract amount is circa £651,141 excluding VAT.

The justification for awarding this proposed contract to ITT Holdings Czech Republic s.r.o. (KONI) in accordance with the Procurement Act 2023, Schedule 5, Paragraph 7 a) and b), which states:

Additional or repeat goods, services or works

The public contract concerns the supply of goods, services or works by the existing supplier which are intended as an extension to, or partial replacement of, existing goods, services or works in circumstances where-

- (a) a change in supplier would result in the contracting authority receiving goods, services or works that are different from, or incompatible with, the existing goods, services or works, and
- (b) the difference or incompatibility would result in disproportionate technical difficulties in operation or maintenance.

Direct award justification

Additional or repeat goods, services or works - extension or partial replacement

ITT Holdings Czech Republic s.r.o. (KONI) are the original equipment manufacturer (OEM) for the dampers and are OEM-controlled assets. Technical schematics,

manufacturing/assembly drawings, and spare parts information are strictly controlled and not shared with third parties.

The supply requires compatible parts, and due to lack of technical documentation and information, it is not possible to create a specification for an alternative.

A change in supplier would result in TfL receiving Bogie and Door Damper Related supplies that are different from, or incompatible with, the existing goods, and this difference or incompatibility would result in disproportionate technical difficulties in operation and maintenance.

Procurement Act 2023, Schedule 5, Paragraph 7 a) and b), which states:

Additional or repeat goods, services or works

(7) The public contract concerns the supply of goods, services or works by the existing supplier which are intended as an extension to, or partial replacement of, existing goods, services or works in circumstances where-

(a) a change in supplier would result in the contracting authority receiving goods, services or works that are different from, or incompatible with, the existing goods, services or works, and

(b) the difference or incompatibility would result in disproportionate technical difficulties in operation or maintenance.
