This contract is divided into lots: No

## **II.2) Description**

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

### **II.2.4) Description of the procurement**

Gosport Borough Council (the Council) is inviting expressions of interest for the provision of Multi-Disciplinary Lead Consultancy Services associated with the design and delivery of new build affordable housing in the borough.

The Council have identified 7no. sites that they wish to develop to provide c.36no. new dwellings over the next 3 years. The purpose of this procurement exercise is to appoint a lead consultant to oversee the design and delivery of the dwellings. It is anticipated that consultants would either be multi-disciplinary in nature or submit a consortium bid to cover the various work disciplines with a lead consultant nominated.

The Lead Consultant would be expected to form a Consultant team to deliver the projects. It is expected that the overall project team will need to cover a range of disciplines required for delivery of the services that might include but isn't limited to team of;

- Lead Consultant / Project Manager
- Architect / Design Consultant
- Quantity Surveyors / Cost Consultant
- Structural Engineers
- Mechanical and Electrical Design Engineers
- Planning consultant
- Sustainability consultant / Passivhaus Designer
- Principal Designer
- BIM Co-ordinator

Additional consultancy services and/or investigation may be required on a site by site basis. The Lead Consultant will be expected to arrange quotes for these services/works with the costs being billed through the consultant (with agreed OHP % applied). The Lead Consultant and all other consultants appointed on a sub-consultant basis will be expected to work in a spirit of partnership and collaboration.

The Lead Consultant will be appointed to cover RIBA Workstages 2 through to 7 and they, in conjunction with their consultancy team will be required to undertake all tasks required to deliver the developments.

The Council is committed to developing dwellings that are of high quality design and sustainable. As a minimum it is the Councils aspiration is that the dwellings are designed to a Zero Carbon Ready standard, however we wish to explore the viability of developing the sites to full Passivhaus Standards.

The Council anticipates the construction cost of the 7 sites will be in the region of £5.3m and

will be procured on the basis of a traditional single stage competitive tender route with fully designed schemes being provided by the Consultant.

The Council is targeting to have awarded the contract by 27th September 2021 with commencement of consultancy services from 25th October 2021. Whilst the length of the contract and completion of the service will be governed by the consultants programme it is anticipated that works to the first sites would commence on site before the end of 2022.

### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

### **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

Start date

25 October 2021

This contract is subject to renewal
