Engagement process description

Nottinghamshire County Council is undertaking preliminary market engagement regarding the commissioning of a Framework for the provision of Residential Care for Working Age Adults.

We will be hosting two engagement sessions - one in person at County Hall, Nottinghamshire and one online - to update the market on the current position, to outline key milestones and to provide a space for providers to ask questions about the emerging approach.

The Senior Commissioning Officer in charge of this review will be attending both meetings to lead discussions.

These sessions will cover:

The developing commissioning model and procurement route

Expected timelines and next steps for the 2026 tender

A dedicated Q&A segment to address provider queries

These events offer a key opportunity to check our direction with the market and ensure that future changes are shaped collaboratively.
