## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Local EV Infrastructure (LEVI)

Reference number

DN764334

#### **II.1.2) Main CPV code**

- 71000000 - Architectural, construction, engineering and inspection services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

The Royal Borough of Kingston upon Thames and the London Borough of Sutton have been collectively awarded Local EV Infrastructure (LEVI) capital funding of £886,000 to fund on-street charge point delivery across both boroughs.

The objectives of LEVI capital funding are to:

Deliver a step-change in the deployment of local, primarily low power, on-street charging infrastructure across England

Accelerate the commercialisation of, and investment in, the local charging infrastructure sector

LEVI capital funding is provided by the Office for Zero Emission Vehicles (OZEV) and is administered through a staged approval process managed by the Energy Savings Trust (EST) and further supported through the "LEVI Support Body" - EST, PA Consulting and Genex.

Upon approval of the project, the authorities will be looking to procure charge point operator(s) to install, maintain, operate and supply on-street charge point infrastructure under Concession contract(s) for a period of 15 years in line with the objectives of the LEVI funding.

It is expected that charge point operators will be able to provide investment in addition to

the LEVI capital funding amount.

Lots provided will consist of:

Lot 1 - lamp column charging points

Lot 2 - fast and rapid charge points (combined)

The service will be provided through a concession contract with a term of 15 years.

### **II.1.6) Information about lots**

This contract is divided into lots: Yes

Tenders may be submitted for all lots

## **II.2) Description**

### **II.2.1) Title**

Lot No

1

### **II.2.2) Additional CPV code(s)**
