https://des.mod.uk/

I.3) Communication

Additional information can be obtained from the above-mentioned address

I.4) Type of the contracting authority

Ministry or any other national or federal authority

I.5) Main activity

Defence

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

In Service Support of Air Particle Detectors

Reference number

CBRN/00309

II.1.2) Main CPV code

• 35422000 - Electronic and electrical spare parts for military vehicles

II.1.3) Type of contract

Supplies

II.1.4) Short description

The Chemical, Biological, Radiological and Nuclear (CBRN) team, part of the Defence Equipment and Support (DE&S) organisation within the UK Ministry of Defence (MOD), intends to place a new 5-year contract (with 5x Option Years) with Spectral Laboratories Incorporated as the Original Equipment Manufacturer (OEM). This will maintain the operational capability over the period with additional Options Years if required.

The new contract will ensure the provision of In-Service Support including technical

upgrades, spares provision and obsolescence mitigation, to maintain the Naval Fleet Radiation Monitoring Capability. This comprises of Ship Installed Air Particle Detection systems. The value of the requirement is approx. £3m.

II.1.5) Estimated total value

Value excluding VAT: £3,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

• 35422000 - Electronic and electrical spare parts for military vehicles

II.2.3) Place of performance

NUTS codes

• UK - United Kingdom

II.2.4) Description of the procurement

Voluntary Transparency Notice APD In Service Support Contract

Short Description of the procurement:

The Chemical, Biological, Radiological and Nuclear (CBRN) team, part of the Defence Equipment and Support (DE&S) organisation within the UK Ministry of Defence (MOD), intends to place a new 5-year contract (with 5x Option Years) with Spectral Laboratories Incorporated as the Original Equipment Manufacturer (OEM). This will maintain the operational capability over the period with additional Options Years if required.

The new contract will ensure the provision of In-Service Support including technical upgrades, spares provision and obsolescence mitigation, to maintain the Naval Fleet Radiation Monitoring Capability. This comprises of Ship Installed Air Particle Detection systems. The value of the requirement is approx. £3m.

Type of procedure

Negotiated procedure without prior publication of a contract notice, pursuant to Regulation 16(1)(a)(ii) of the UK Defence and Security Public Contract Regulations 2011(as amended) for Technical Reasons.

Explanation

In accordance with Regulation 4 of the Defence and Security Contracts (Amendment) (EU Exit) 2019 Regulations (SI 2019/697) this procurement falls to be regulated under the provisions of the Defence and Security Public Contracts Regulations 2011 as amended (by SI 2019/697 and SI 2020/1450). Prior publication of a contract notice in the official Journal of the European Union is no longer appropriate. It is considered that the award of this contract without prior publication of a contract notice in the UK e-notification service (as required by the relevant legislation) is lawful in accordance with Regulation 16(1)(a)(ii) of the Defence and Security Public Contract Regulations 2011 (as amended) for Technical Reasons. Spectral Laboratories Incorporated as the OEM owns key elements of the design of the air particle detectors, and the MOD does not possess sufficient rights to provide to any third party. In any event only Spectral Laboratories Incorporated has the bespoke technical know-how, technical expertise, equipment, and tooling required to perform the services and ensure the continued operational capability of the APD systems. Spectral Laboratories Incorporated is the only Supplier with the required customised facilities and testing capabilities that are compliant with the relevant UK safety regulations to ensure fleet operations are maintained.

II.3) Estimated date of publication of contract notice

4 March 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
