II.2.4) Description of the procurement

Portsmouth City Council ('the council') is inviting tenders from suitably qualified suppliers to provide support services for rough sleepers.

The Rough Sleeping Support Service will be delivered across three council owned properties with housing management being the responsibility of the council. This contract covers the support element only. An open book approach would be a feature of monitoring and maintaining efficiencies under the new contract.

The council has a unique opportunity to commission a new service for rough sleepers and those at risk of homelessness. This has been presented by a successful bid for the Next Steps Accommodation Programme (NSAP) funding from the Ministry of Housing, Communities and Local Government (MHCLG), alongside the natural expiry of the contract for the city's existing Rough Sleeping Hub. NSAP become the Rough Sleeping Accommodation Programme (RSAP) from 1st April 2021.

The RSAP funding for the service consists of both capital funding to support the purchase of properties to secure an accommodation pathway for service users, and revenue funding to support the operation of that pathway which is the service element subject to this tender opportunity.

The council is seeking to award a contract for the provision of rough sleeping/homeless supported accommodation based within the city of Portsmouth. The purpose of the service is to provide safe accommodation for people at risk of rough sleeping, and work with them to facilitate a move on to suitable, sustainable and settled housing.

The council is seeking to commission an integrated support service for people at risk of rough sleeping. The council envisages a hub of facilities being provided which delivers wraparound support to those who need it, including a safe place to sleep for those at immediate risk of rough sleeping, an outreach service, and a daytime drop-in service to maintain contact with and support service users at risk of homelessness, or those who have been affected by homelessness recently.

The council is targeting to have awarded the contract on 30 June 2021 to allow for service commencement on 1 October 2021. The contract will be let for an initial term of 30 months (2.5 years) which may then run for a further 5.5 years in increments set by the Council to a total maximum term of 8 years, subject to performance and at the sole option of the Council.

The annual value of the contract varies over the initial 30 months however the total value of the contract for this period is £2,155,741. The estimated value of the contract over the maximum term of 8 years is IRO £6.1m - £11.6m.

The Portsmouth City Rough Sleeping Partnership Board have been tasked with seeking additional funding to secure funding for continued service provision once the RSAP funding ends. In order to manage the funding available the Council will work with the provider to implement any changes to services provided and where necessary any exit plans. This will potentially include working with the provider to manage the transition in one block from supported accommodation to temporary accommodation in 2023-24.

The service provider will be required to work flexibly with the council make changes to the way services are delivered to improve the service and respond to funding variations. Changes that could be required may include but are not limited to;

- Staffing structures and levels to reflect the demand at different locations and times of day.
- Variation in the use of the buildings in the rough sleeping pathway as needed.
- Flexibility to work in different buildings within Portsmouth and the surrounding area.
- Flexibility with regard to service provision to reflect changes in funding availability for example as a result of grant allocation
- The data reported to the council to understand and measure the service.

In addition, the council may wish to include a floating support element to the Rough Sleeping Support Service as part of this contract at a future date. This would be subject to funding being available and a further understanding of the requirements and demand for such a service.

The contract value therefore may increase or decrease throughout the contract term subject to any known or unknown changes to budget allocation, variation of services, or addition of further associated services in order to meet changes in demand or service delivery in accordance with Regulations 72 1) a) and e) of the Public Contracts Regulations (2015).

The services covered under the contract are social services and fall under the 'light touch regime'. The Council will execute this procurement process in general accordance with the Open Procedure as set out within the Public Contract Regulations (2015).

The procurement process will be undertaken in line with the following programme:

- Issue FTS Contract Notice - 1 April 2021
- Issue Invitation to Tender - 1 April 2021
- Opportunity for 1:1 clarification meetings - 19 April - 30 April 2021
- ITT Return Deadline - 14 May 2021 at midday
- Standstill period - 19 June 2021- 29 June 2021
- Contract Award - 30 June 2021
- Service Commencement - 1st October 2021

Application is via completed tender submission by the deadline stated above via the Council's e-sourcing system InTend which will be used to administrate the procurement process, the system can be accessed free of charge via the web link below:
