I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

DELT21002: Offshore Advanced Communication Network

Reference number

DN536233

II.1.2) Main CPV code

- 32400000 - Networks

II.1.3) Type of contract

Supplies

II.1.4) Short description

The procurement and installation of an advanced communications system across the Smart Sound Plymouth marine testing and proving ground.

Smart Sound Plymouth is Britain's premier proving area for designing, trailing, and developing cutting edge products and services for the marine sector, and is ideally suited for building and supporting the next generation of advanced marine technologies. The proving area offers a range of marine environmental conditions from comparative shelter to offshore hostile marine environments. To further facilitate the operation of remotely operated and autonomous vessels and enhance the ability to conduct marine research there is a requirement to deliver reliable high-speed communications to a diverse array of assets and platforms using the Smart Sound facility.

II.1.5) Estimated total value

Value excluding VAT: £285,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 32000000 - Radio, television, communication, telecommunication and related equipment

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

The procurement and installation of an advanced communications system across the Smart Sound Plymouth marine testing and proving ground.

Smart Sound Plymouth is Britain's premier proving area for designing, trailing, and developing cutting edge products and services for the marine sector, and is ideally suited for building and supporting the next generation of advanced marine technologies. The proving area offers a range of marine environmental conditions from comparative shelter to offshore hostile marine environments. To further facilitate the operation of remotely operated and autonomous vessels and enhance the ability to conduct marine research there is a requirement to deliver reliable high-speed communications to a diverse array of assets and platforms using the Smart Sound facility.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £285,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 July 2021

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Open procedure
