Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

21-01 Repair, maintenance, upgrading and replacement of Fire alarm, detection and control systems

Reference number

21-01

II.1.2) Main CPV code

- 51700000 - Installation services of fire protection equipment

II.1.3) Type of contract

Services

II.1.4) Short description

The University seeks an experienced Contractor to:

- Carry out servicing, repairs and maintenance to all fire alarm and detection systems situated throughout the University as described within the Particular Specification.
- Upgrade existing systems or install new equipment throughout the University where required as described within the Particular Specification.

The term of the Contract shall be for a period of three (3) years commencing on 01 July 2021 and shall end on 30 June 2024, with an optional extension of up to an additional two 12 month periods, at the sole discretion of the Employer and subject to satisfactory performance by the Contractor and prior written confirmation by the Employer. The maximum Contract duration is therefore five (5) years.

This requirement is not split into Lots. The need to coordinate the different contractors for the lots could seriously risk undermining the proper execution of the contract.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31625100 - Fire-detection systems
- 31625200 - Fire-alarm systems
- 50700000 - Repair and maintenance services of building installations

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

Main site or place of performance

West Midlands

II.2.4) Description of the procurement

The University of Wolverhampton (the 'University') (including any entity which from time to time is a subsidiary of the University of Wolverhampton and any entity over which from time to time any of the entities defined in this paragraph either directly or indirectly exercises management control, even though it may own less than (50%) of the shares and is prevented by law from owning a greater shareholding) wishes to enter into a contract (the "Contract") with a Contractor (the 'Contractor') to supply repair, maintenance, upgrading and replacement of Fire alarm, detection and control systems to the University and its Entities. The University is seeking an agreement via competitive Tenders ("Tenders") from suitably qualified organisations ("Tenderers") in response to this Invitation to Tender ("ITT") for the provision of the aforementioned services ('Services') and/or works ('Works').

In order to allow this contract to be used for potential European Union funded projects we are notifying all tenderers that some works might be subject to part funding by the European Structural and Investment Funds Growth Programme for England or any other European Union Funded Programme.

The opportunity will also be available for use by other Public Bodies in Wolverhampton and Partner Authorities in the West Midlands Combined Authority.

The University seeks an experienced Contractor to:

- Carry out servicing, repairs and maintenance to all fire alarm and detection systems situated throughout the University as described within the Particular Specification.
- Upgrade existing systems or install new equipment throughout the University where

required as described within the Particular Specification.

The term of the Contract shall be for a period of three (3) years commencing on 01 July 2021 and shall end on 30 June 2024, with an optional extension of up to an additional two 12 month periods, at the sole discretion of the Employer and subject to satisfactory performance by the Contractor and prior written confirmation by the Employer. The maximum Contract duration is therefore five (5) years.

This requirement is not split into Lots. The need to coordinate the different contractors for the lots could seriously risk undermining the proper execution of the contract.

The Qualification section will be assessed on a pass/fail basis in accordance with the standard qualification questions implemented by PAS91.

The requirements here include:

- The Tenderer must have a minimum annual turnover of £500,000
- The Tenderer must have a Credit Safe Score of ?30
- The Successful Contractor must have £5m Public Liability Insurance
- The Successful Contractor must have £5m Employer's Liability Insurance

Additional Qualification elements are as follows:

- The Tenderer must hold ISO 9001 (Quality Management) certification.
- The Tenderer must hold current membership of the Fire Industry Association (FIA) (or equivalent EU qualification).
- The Tenderer must be on site within a maximum of 2-hours of receiving the Employer's verbal call-out request.

The deadline for submissions is 5th May 2021, 12 noon. To respond to this opportunity follow this link <https://wlv.bravosolution.co.uk>

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 July 2021

End date

30 June 2024

This contract is subject to renewal

Yes

Description of renewals

Contract will be re-procured in line with expiry.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

II.2.14) Additional information

However, in order to allow this Contract to be used for potential Funded projects we are notifying all tenderers that some works might be subject to part funding by, for example, the European Structural and Investment Funds Growth Programme for England (ESIF), European Regional Development Fund. (ERDF) or any other EU Funded Programme, or other Funding Body e.g. Local Enterprise Partnerships (LEP)
