VI.3) Additional information

SNG wishes to establish a Framework Agreement for the provision of Principal Contractor Services and Construction Management Services. SNG (Sovereign Network Group) was formed in October 2023 through the merger of Sovereign Housing Association and Network Homes. We provide over 80,000 homes serving over 210,000 residents and invest in communities across the South of England, with an aim to create thousands of new affordable places for people to live every year. Our purpose is to provide quality affordable homes and places, that people love for generations. We aren't just here for now or for profit, everything we earn we invest so that our customers now, and in the future, have a sustainable home that they love, in a thriving community. Our size and geographic breadth diversifies the homes that we own, offering stability alongside growth potential. SNG will have an annual income of over £830m in 2024/25 and will invest £9.2bn over the next 10 years, building 25,000 new homes – almost 4,000 more than in current plans, as well as regenerating estates and improving the sustainability and quality of existing homes. They have also pledged to establish a new Community Foundation to invest £100m in communities over a ten-year period. Our strategy is to continue to grow, staying financially strong through good governance and performance management so we can invest more in the things that matter – building more homes and making better places."
