II.1) Scope of the procurement

II.1.1) Title

Framework for Plant Maintenance and Repairs

II.1.2) Main CPV code

• 50000000 - Repair and maintenance services

II.1.3) Type of contract

Services

II.1.4) Short description

The purpose of this Prior Information Notice is to notify the market of Transport for London's intention to carry out Early market engagement to assess the current market capabilities and appetite for the following requirements.

Transport for London is currently preparing a procurement strategy for the procurement of a Framework consisting of 3 lots to cover Plant maintenance and Repairs.

These lots will include:

1) Transformer and Rectifier repairs and maintenance for both planned and reactive faults

2) Substation HV, LV and DC Switchgear Repairs, refurbishment and Replacement and

3) Third party support services in both planned and reactive maintenance activities for infrastructure and assist in project work .

The objective of the proposed procurement is to ensure we have repairs, maintenance, refurbishment and replacement services for existing ageing infrastructure (details noted above) which will support the organisation. We would like to understand the market for potential bidders and whether they can meet the requirements for one or more than one lot.

II.1.6) Information about lots

This contract is divided into lots: Yes
