Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Constructionline (<https://constructionline.co.uk/>) is the UK Government's national pre-qualification register for construction contractors and consultants. Applicants may demonstrate their suitability for a number of aspects in the selection process through providing their registration number for their valid and up-to-date Constructionline account. Contractors or Incorporated Joint Ventures submitting an application should provide their Constructionline registration number. For unincorporated Joint Ventures submitting an application each member of the group should provide their individual Constructionline registration number. Constructionline members are requested to ensure their profile is valid and up to date for the purposes of this tendering process. Where applicants do not have a Constructionline account, or a valid and up to date Constructionline account, they will have the opportunity to demonstrate their sustainability through other means, in accordance with the procurement documents.

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

The Contracting Authority will use an eTendering system in this procurement exercise and reserves the right to use a reverse auction. How to take part in this Tender:

1. Register your company on the eSourcing portal (this is only required once) - visit

<https://highways.bravosolution.co.uk> and click the link to register - Accept the terms and conditions and click 'continue' - Enter your business and user details - Note the username you chose and click 'Save' when complete - You will shortly receive an email with your unique password.

2. Express an Interest in the tender - Login to the portal - Click the 'PQQs/ITTs Open to All Suppliers' link. (These are Pre-Qualification Questionnaires or Invitations to Tender open to any registered supplier). Click on the relevant PQQ/ITT to access the content. Click the 'Express Interest' button at the top of this page. This will move the PQQ/ITT into your 'My PQQs/ My ITT's page. (This is a secure area reserved for your projects only). You can access any attachments by clicking the 'Buyer Attachments' in the 'PQQ/ITT Details box.

3. Responding to the tender - Click 'My Response' under 'PQQ/ITT Details' , you can 'Create Response' or 'Decline to Respond' (please give a reason if declining). You can use the 'Messages' function to communicate with the buyer and seek any clarification. Note the deadline for completion, then follow the onscreen instructions to complete the PQQ/ITT. There may be a mixture of online and offline actions for you to perform (there is detailed online help available). Submit your reply using the 'Submit Response' button at the top of the page. If you require any further assistance please consult online help, or contact the eTendering help desk.

Tender documentation for contracts over 10,000 GBP will be published on a Powered by BravoSolution eSourcing Technology single website, made available to the public. You should also be aware that if your bid is successful the resulting contract will be published. In some circumstances, limited redactions will be made to tender documentation and/or contracts before they are published in order to comply with existing law, to protect commercial interests and for the protection of national security. This procurement falls within the scope of HM Revenue and Customs' Construction Industry Scheme. Successful Contractors may be required to fulfil the duties of the Principal Contractor under the Construction (Design and Management) Regulations 2015. The Contract Data will confirm the details of the relevant contract dates and durations. It is mandatory for new Central Government contracts, which feature characteristics involving the handling of personal data and ICT systems designed to store or process data at the OFFICIAL level of the Government Security Classifications scheme (link below), to comply with Cyber Essentials.

<https://www.gov.uk/government/publications/government-security-classifications>

All potential tenderers for Central Government contracts, featuring the above characteristics, should be aware of the requirements for the appropriate level of certification. Further information: <https://www.gov.uk/government/publications/cyber-essentials-scheme-overview>

The tenderer with the most economically advantageous tender will be required to accept

the National Highways Fair Payment Charter as a condition of acceptance of their tender. National Highways intends to work with the winning bidder to explore opportunities for further efficiencies and improvements; discussions will take place during the mobilisation period. National Highways reserve the right to invite or not invite variant bids at their sole discretion. Further information will be set out in the Tender Documents. Contract dates stated are indicative, and may be subject to change.
