Crown Commercial Service (CCS) as the Authority has put in place an agreement for the provision of rail legal services to be utilised by UK Central Government Departments, and

other public sector bodies. The principal Buyer is the Department for Transport (DfT), who will use this Framework Contract wherever possible. Other Contracting Authorities, as detailed in VI.3 may also use it from time to time.

The policy drivers supporting the development and procurement of this Framework Contract are to:

? provide Buyers with a route to market compliant with UK Law

? offer an improved agreement for both Buyers and Suppliers

? provide Buyers with access to high quality legal services

? achieve value for money

Rail Legal Services (RM6204) has been designed as a suitable replacement for Rail Legal Services (RM3756) due to expire in 2022.

This procurement has been conducted under the Light Touch Regime ('LTR') and is therefore subject to limited regulation. It has been conducted in accordance with regulations 74 to 76 of PCR 2015, and relates to the legal services which are listed in Schedule 3 of the Public Contracts Regulations 2015 (PCR) 2015 as a specific service.

The Framework Agreement has been established for 36 months, with the option to extend for a further 12 months at the discretion of CCS.

4) Transparency Agenda

On 02/04/2014, Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at:

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders were required to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.
