Description

This planned procurement notice is to give as much advance information to the market as possible with regards to the upcoming procurement of servicing and maintenance of Nottingham University Hospital NHS Trust (The Trust)'s medical gas pipeline systems (MGPS). It is envisaged this will assist potentially interested contractors to determine if the planned procurement exercise is something that they wish to bid for, and to provide maximum time for preparation. The contract is to ensure the Trust complies with HTM 02-01 as well as applicable standards and relevant legislation to enable the provision of safe and MGPS for administering of medical gases (E.g. oxygen) to patients under the care of the Trust. A copy of HTM 02-01 can be found on the NHS England website:

<https://www.england.nhs.uk/estates/health-technical-memoranda/> The Trust may conduct Preliminary Market Engagement prior to publication of the tender and associated notice.

Total value (estimated)

- £1,000,000 excluding VAT
- £1,200,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 1 April 2028
- Possible extension to 1 April 2031
- 5 years, 1 day

Description of possible extension:

It is envisaged any contract term will be 2 years, with the option to extend for a further 36 months. such extension shall take the form of three 12 month incremental periods.

Options

The right to additional purchases while the contract is valid.

It is envisaged any contract term will be 2 years, with the option to extend for a further 36 months. such extension shall take the form of three 12 month incremental periods.

Main procurement category

Services

CPV classifications

- 50712000 - Repair and maintenance services of mechanical building installations

Lot constraints

Description of how multiple lots may be awarded:

It is likely any procurement exercise will be split into at least 2 lots. It is anticipated the maximum number of lots that can be awarded to a supplier will be 1. However, this may be subject to change (E.g. as a result of any preliminary market engagement).

Lot 1. Nottingham City Hospital

Description

Servicing and maintenance of the MGPS at Nottingham City Hospital

Lot value (estimated)

- £500,000 excluding VAT
- £600,000 including VAT

Other information

Description of risks to contract performance

The value of any contract exceeding the estimated values in the tender notice(s) as a result of: - no of call outs exceeding those estimated in the tender documents. - additional MGPS systems brought into scope of the contract (e.g. MGPS systems installed at the property following completion of a separate building project, or additional sites coming into scope as a result of any requirement to collaborate with the Trust's wider Integrated Care Board (ICB).

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

The Trust has yet to fully establish the parameters of its Competitive Flexible Procedure. In addition to the tender stage, it is likely the procedure will require suppliers to meet minimum requirements on a pass/fail basis before being invited to take part in a site visit(s) and subsequently submit a tender.
