Description

In Spring 2024, Government launched a programme to support people who are economically inactive due to health conditions, disability or complex barriers back to work.

The supported employment programme, entitled Connect to Work, is being launched by Department of Work and Pensions (DWP) in partnership with local authority clusters, to provide specific support targeted at the right people, at the right time and based on an individual's circumstances.

Lincolnshire County Council (LCC) are committed to delivering the Connect to Work scheme across Greater Lincolnshire via a combination of in-house and external partner support.

LCC are looking to launch a Dynamic Market to go-live from the 1st February 2026. The Dynamic Market will be a list of qualified suppliers who are eligible to participate in procurements relating to the Connect to Work Scheme.
