Water

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Network Monitors RFI

Reference number

FA1455

II.1.2) Main CPV code

- 38420000 - Instruments for measuring flow, level and pressure of liquids and gases

II.1.3) Type of contract

Supplies

II.1.4) Short description

This Request for Information is being issued to help inform options in relation to the supply and repair of a variety of different kinds of Network Monitors and how these might be grouped into Lots in order to cover the entire Thames Water region in both clean and wastewater services.

We currently have a number of Framework Agreements coming to an end which cover the supply, repair, install and maintenance of Network Monitors / Data Loggers across our clean and Wastewater environments.

Please see Section VI.3 Additional Information for access to the supplier information pack and process for submitting your responses through IASTA Smartsource.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 32420000 - Network equipment
- 32441000 - Telemetry equipment

- 38421000 - Flow-measuring equipment
- 38422000 - Level-measuring equipment
- 38423000 - Pressure-measuring equipment
- 38424000 - Measuring and control equipment

II.2.3) Place of performance

NUTS codes

- UKI - London
- UKJ - South East (England)

Main site or place of performance

Whole of the Thames Water region

II.2.4) Description of the procurement

The PIN notice is related to market engagement - specifically a Request For Information, please see additional information section for further details.

II.3) Estimated date of publication of contract notice

17 March 2022

Section IV. Procedure

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of expressions of interest

Originally published as:

Date

30 March 2022

Local time

12:00pm

Changed to:

Date

31 March 2022

Local time

5:00pm

See the [change notice](#).

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

Section VI. Complementary information

VI.3) Additional information

Thames Water will endeavour but does not undertake to review all of the responses received, either fully or at all. Where Thames Water considers that it is necessary or

otherwise appropriate to seek to clarify any aspect of a response, it may contact the entity which has submitted the relevant response accordingly.

The information set out in the supplier information pack (available through IASTA Smartsource, details below) is not exhaustive and has been prepared by Thames Water to provide the market with relevant background information and an overview of some of Thames Water's anticipated requirements. Thames Water accepts no liability or responsibility to any person (including a legal person) as a consequence of relying on the information set out in these documents.

This survey is a standalone exercise intended to gather information and it does not form part of any formal procurement process.

Thames Water may use any responses to this survey to inform any potential future Network Monitor procurement processes. At the same time, Thames Water reserves the right not to conduct any Network Monitor procurement process.

In the event that Thames Water decide to conduct any Network Monitor procurement process, this survey does not commit Thames Water to any particular timeline, process, scope or value of procurement. If Thames Water carry out a Network Monitor procurement process, any responses to this survey will not be considered as part of any pre-qualification or tender stage.

Your participation in this market engagement will not automatically include or exclude you from any future Network Monitor procurement processes.

Subject to a respondent's express consent (to be provided or withheld in the context of a response to this market engagement), Thames Water reserves the right to share responses within our organisation and partner organisations.

Please indicate on the survey if you do not consent to Thames Water sharing your response, or part of your response, with one or more of the listed partners.

IASTA Access

The supplier information pack and ability to upload a response will be hosted on a platform called IASTA Smartsource. All suppliers who wish to respond to this PIN notice must request access to IASTA Smartsource by using the web link in Section I.3 or as shown here - www.thameswater.co.uk/procurement.

The project title in IASTA is Network Monitor RFI. Thames Water's Procurement Support Centre will subsequently send you an email providing login details.
