Body governed by public law

I.5) Main activity

Other activity

Public sector framework provider

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

LHC Procurement Group 2024 Procurement Pipeline Notice

II.1.2) Main CPV code

- 45000000 - Construction work

II.1.3) Type of contract

Works

II.1.4) Short description

This is an early market engagement notice issued by LHC Procurement Group (LHCPG) on behalf of LHCPG and our regional entities. This notice seeks to provide early notice of the market engagement and subsequent procurement activities LHCPG intend to carry out during 2024 in relation to the establishment of new frameworks.

PLEASE SEE SECTION II.2.4 FOR MORE DETAILS AND TIMESCALES FOR EACH PROJECT LISTED IN THIS SHORT DESCRIPTION SECTION.

PLEASE SEE ADDITIONAL INFORMATION SECTION FOR THE LINK TO EXPRESS EARLY INTEREST IN ANY PROJECT LISTED.

RETROFIT AND DECARBONISATION FRAMEWORK (N9)

This framework will be the successor to LHCPG's successful Energy Efficiency Framework (N8). The new framework will be designed to support clients with delivering a range of retrofit and decarbonisation measures on their journey to achieving net-zero targets.

It is planned that the tender will be released for bid applications in April 2024, and it is anticipated the new framework will be live in October 2024.

ROOFING SYSTEMS AND ASSOCIATED WORKS FRAMEWORK (RS5)

The new Roofing Systems Framework (RS5) will be the successor to LHCPG's current and successful roofing Agreement (RS4) which is due to expire in May 2025. This framework will provide an efficient, value for money procurement route for local authorities, social landlords and other public sector bodies for the design, supply and installation of roofing systems and associated works in all types of public sector refurbishment and new build projects.

MODULAR BUILDINGS FRAMEWORK (MB3)

The framework will cover the design, supply, installation and hire of permanent, temporary and refurbished modular buildings for the public sector and for a wide range of public buildings such as education, healthcare, emergency services, offices, community buildings and mixed use developments.

PUBLIC BUILDINGS CONSTRUCTION AND INFRASTRUCTURE FRAMEWORK (PB4)

This framework is the successor to our popular Public Buildings and Infrastructure Framework (PB3) and will be for the construction of new buildings, extensions, and refurbishment of public and social buildings and infrastructure works.

SUPPLY AND INSTALLATION OF WINDOWS AND DOORS FRAMEWORK (WD3)

This framework will be designed to support clients with the design, supply and installation of windows, residential doors, communal doors, entrance doors and associated products and for all types of public sector refurbishment and new build projects. The scope of the framework may be subject to change following pre-market engagement but is expected to include: PVC-U, timber and aluminium clad timber windows, fire rated and non fire rated timber and composite doors, and communal entrance doors

RESIDENTIAL CONSTRUCTION FRAMEWORK WALES (H2W)

LHC Procurement group (acting as the Central Purchasing Body for the Welsh Procurement Alliance (WPA) are planning to establish a Housing Construction framework in Wales.

This framework is the successor to North and Mid-Wales Residential Construction Framework (H1NW) and New Build Housing Framework (H1) but is due to be extended to cover all of Wales. The framework will be for residential construction (and any associated community buildings).

ARCHITECTURE DESIGN SERVICES FRAMEWORK (ADS2)

This framework will seek suitable architecture firms for our Architecture Design Services framework (ADS2). This framework is the successor to our popular Architecture Design Services frameworks (ADS1 & ADS1.1) and will be for the architectural design services for public sector buildings across London.

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 09323000 - District heating
- 09331000 - Solar panels

- 09332000 - Solar installation
- 38551000 - Energy meters
- 42160000 - Boiler installations
- 42515000 - District heating boiler
- 44211100 - Modular and portable buildings
- 44221200 - Doors
- 44221220 - Fire doors
- 45212000 - Construction work for buildings relating to leisure, sports, culture, lodging and restaurants
- 45213000 - Construction work for commercial buildings, warehouses and industrial buildings, buildings relating to transport
- 45214000 - Construction work for buildings relating to education and research
- 45215000 - Construction work for buildings relating to health and social services, for crematoriums and public conveniences
- 45216000 - Construction work for buildings relating to law and order or emergency services and for military buildings
- 45232141 - Heating works
- 45260000 - Roof works and other special trade construction works
- 45315000 - Electrical installation work of heating and other electrical building-equipment
- 45320000 - Insulation work
- 71314310 - Heating engineering services for buildings

II.2.3) Place of performance

NUTS codes

- UKC - North East (England)

- UKD - North West (England)
- UKE - Yorkshire and the Humber
- UKF - East Midlands (England)
- UKG - West Midlands (England)
- UKH - East of England
- UKI - London
- UKJ - South East (England)
- UKK - South West (England)
- UKL - Wales
- UKM - Scotland

II.2.4) Description of the procurement

PLEASE SEE ADDITIONAL INFORMATION SECTION

II.2.14 FOR THE LINK TO EXPRESS YOUR EARLY INTEREST IN ANY PROJECT LISTED BELOW.

This pipeline opportunity has been listed on behalf of LHCPG and our regional entities:

- Consortium Procurement Construction (CPC)
- London and South East (LSE)
- Scottish Procurement Alliance (SPA)
- South-West Procurement Alliance (SWPA)
- Welsh Procurement Alliance (WPA)

This is an early market engagement notice issued which seeks to provide advanced notice of early market engagement and subsequent procurement activities LHC intend to carry out during 2024 in relation to the establishment of new frameworks:

RETROFIT AND DECARBONISATION FRAMEWORK (N9)

This framework will be the successor to LHCPG's successful Energy Efficiency Framework (N8). The new framework will be designed to support clients with delivering a range of retrofit and decarbonisation measures on their journey to achieving net zero targets.

LHCPG has already carried out extensive pre-tender engagement and the framework will consist of the following workstreams:

Workstream 1 - Consultancy: Combines energy policy and strategy development with grant funding support.

Workstream 2 - Multi-Disciplinary Works: Focuses on multi-technology installations.

Workstream 3 - Building Insulation & Performance (Passive): Covers various insulation types, including internal, loft, cavity wall, and external insulation.

Workstream 4 - Heating Systems: Encompasses a range of heating solutions, from domestic to commercial systems, and integrates smart controls and energy systems where applicable.

Workstream 5 - Control and Management Systems: Addresses building management systems (BMS) and individual metering, catering to the needs in communal heating systems and energy management.

Workstream 6 - Electrical: Includes lots for Solar PV and Battery Storage, and Electric Vehicle (EV) Charging, responding to the growing demand for integrated energy solutions and EV infrastructure.

It is planned that the tender will be released for bid applications in April 2024, and it is anticipated the new framework will be live in autumn 2024.

ROOFING SYSTEMS AND ASSOCIATED WORKS (RS5)

The new Roofing Systems Framework (RS5) will be the successor to LHCPG's current and successful roofing Agreement (RS4) which is due to expire in May 2025. This framework will provide an efficient, value for money procurement route for local authorities, social landlords and other public sector bodies for the design, supply and installation of roofing systems and associated works in all types of public sector refurbishment and new build projects.

It is currently envisaged that the procurement will cover the following types of roofing, however this will be further explored in pre-tender engagement:

- Traditional flat roofing
- Liquid flat roofing

- Profiled metal roofing

- Pitched roofing

LHCPG intend to carry out engagement with interested parties in spring 2024 to discuss our initial proposals, timescales for the tender and gain feedback before finalising the framework and issuing the tender later this year.

The tender will be released for bid applications in summer / autumn 2024 and it is anticipated the new framework will be live in spring / summer 2025.

MODULAR BUILDINGS FRAMEWORK (MB3)

The framework will cover the design, supply, installation and hire of permanent, temporary, and refurbished modular buildings for the public sector and for a wide range of public buildings such as education, healthcare, emergency services, offices, community buildings and mixed-use developments.

LHCPG intend to carry out engagement with interested parties in due course to discuss our initial proposals, timescales for the tender and gain feedback before finalising the framework and issuing the tender later this year.

The tender will be released for bid applications in summer 2024, and it is anticipated the new framework will be live in May 2025

PUBLIC BUILDINGS CONSTRUCTION AND INFRASTRUCTURE FRAMEWORK (PB4)

LHC Procurement Group is seeking interest from suitable organisations for our Public Buildings and Infrastructure framework (PB4). This Framework is the successor to our popular Public Buildings and Infrastructure Framework (PB3) and will be for the construction of new buildings, extensions, conversions, and adaptations of public and social buildings.

The framework will be used to develop a wide range of public buildings such as education, healthcare, emergency services, offices, community buildings and mixed use developments and conversion of commercial buildings for residential use

LHCPG intend to carry out engagement with interested parties in due course to discuss our initial proposals, timescales for the tender and gain feedback before finalising the framework and issuing the tender later this year.

The tender will be released for bid applications in autumn 2024, and it is anticipated the new framework will be live in summer 2025.

SUPPLY AND INSTALLATION OF WINDOWS AND DOORS FRAMEWORK (WD3)

This framework will be designed to support clients with the design, supply and installation of windows, residential doors, communal doors, entrance doors and associated products and for all types of public sector refurbishment and new build projects. The scope of the framework may be subject to change following pre-market engagement but is expected to include:

- PVC-U windows and doors
- Timber and aluminium clad timber windows
- Fire rated and non-fire rated timber and composite doors
- Communal entrance doors

The full scope of this framework will be defined following engagement with clients and interested parties as part of LHCPG's market engagement activities which are expected to take place in autumn 2024.

The tender will be released for bid applications in spring 2025, and it is anticipated the new framework will be live in autumn 2025

RESIDENTIAL CONSTRUCTION FRAMEWORK WALES (H2W)

LHC Procurement group (acting as the Central Purchasing Body for the Welsh Procurement Alliance (WPA) are planning to establish a Housing Construction framework in Wales.

This framework is the successor to North and Mid-Wales Residential Construction Framework (H1NW) and New Build Housing Framework (H1) but is due to be extended to cover all of Wales. The framework will be for residential construction (and any associated community buildings).

Scope will be finalised following pre-tender engagement however is likely to include associated land purchases and financing: energy efficient buildings (e.g., by using a fabric first approach), using modern methods of construction, timber framed dwellings and the installation of district heating systems.

Pre-Tender Engagement is anticipated to take place in April and May 2024 and the full scope of the framework will then be defined.

The tender should be released for bid applications in Summer 2024, and it is anticipated the framework will be live early 2025.

ARCHITECTURE DESIGN SERVICES FRAMEWORK (ADS2)

LHC Procurement Group is seeking interest from suitable architecture firms for our Architecture Design Services framework (ADS2). This Framework is the successor to our popular Architecture Design Services frameworks (ADS1 & ADS1.1) and will be for the architectural design services for public sector buildings across London.

The framework will be used to provide a diverse, highly talented, supply chain of practices to deliver architecture services for public sector organisations with the aim of delivering architectural designs that meet the needs of all communities across London.

LHCPG intend to carry out engagement with interested parties in due course to discuss our initial proposals, timescales for the tender and gain feedback before finalising the framework and issuing the tender later this year.

The tender will be released for bid applications in autumn 2024, and it is anticipated the new framework will be live in spring 2025.

II.2.14) Additional information

HOW TO EXPRESS YOUR INTEREST IN ANY OPPORTUNITIES LISTED IN THIS NOTICE

To register your early interest in any of the projects mentioned in this advance notice and to get further updates and be notified opportunities to engage with LHCPG to help inform the development of these frameworks, please express your interest in the relevant project/s on our eTendering portal using the following link:

<https://in-tendhost.co.uk/LHC/asp/Tenders/Forthcoming>

Please note you will need to have a registered account on our portal and be logged in to be able to express an interest. Once you have identified the projects on the portal you wish to express an interest in, click 'View Details' and then click 'Express Interest'.

II.3) Estimated date of publication of contract notice

7 March 2024

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

HOW TO EXPRESS YOUR INTEREST IN ANY OPPORTUNITIES LISTED IN THIS NOTICE
