II.1.4) Short description

The purpose of this contract is for an advertising agency to provide the University of Southampton with media buying that will include purchasing media space, and liaising with media partners, reporting on impact of services and media placement, and in-sector insights with the agency striving to give Southampton a competitive edge and providing the best possible outcomes for campaigns whilst providing value for money. Paid Search is managed in house through the university's digital performance analysis team, but we would expect to align our goals and conversion strategy with this team to maximize our market impact.

The Agency shall be capable of providing excellent customer service including strategic and implementation advice and be willing and capable of working in partnership with other agencies and specialists to deliver the media buying aspect of fully integrated campaigns for the University of Southampton.

VII.2) Other additional information

Due to a planned system outage of our electronic tendering system (In-Tend) we are extending the deadline of the selection stage to ensure there is access to the documents for the full selection stage period.

To allow for this change we are moving the estimated date of the ITT launch by the same number of days. We anticipate this will not impact the published ITT deadline for clarification or return.
