b. Supporting the development of an ESOL strategy reflecting Kirklees Council outcomes for example: Best Start (support for parents to be the best they can be supporting their children and through education) Well (Support for people to keep well mentally and physically) Aspire and Achieve (Support to progress towards

employment in what people aspire to do as a career not what they have to because of limited English)

- h. Formally Reporting into the Migration Board and Kirklees Community Learning Trust and preparing reports to be submitted to Kirklees Council senior leadership teams as needed
Place

Based Approach to engage, assess and progress

- a. TW4E needs to be a single point of contact and access for ESOL learners to start and progress in learning English. Assessment (Information Advice and Guidance qualified staff) of learners and progression to learning and learner check ins/review for a minimum of 6 months to ensure progression continues and learner outcomes are being achieved.
- b. Learners taking part in TW4E must be supported with transition to progress into other ESOL and/or mainstream opportunities or other opportunities when they become available included those delivered by community partners on behalf of the Council. Kirklees Council currently delivers a wide range of community

based Adult Community Learning, First Steps and employment support provision (WorksBetter) through a network of voluntary / community sector based organisation. The successful delivery partner must establish links with these programmes to ensure progression opportunities for participants are maximised and are

meaningful.

- c. To work in a restorative and asset-based way with learners - working with people rather than doing things for them or too them.
- d. TW4E service is accessible by those who cannot read or speak English - people must be

able to self-refer and staff working on TW4E must be able to understand any concerns raised so access to a translation service vital.

e. The This Way for English to be promoted on the Kirklees Welcomes blog as the central hub for this work. This is a main base that frontline staff are dedicated to find out support available for those new to Kirklees Council.

f. To develop community focussed social media and communication channels for TW4E to promote the support

available for people to begin to learn and progress

g. To link in with the welcome mentors and migrant community connectors an VCS links and frontline staff to cascade the message of T4WE support as far and wide as possible within communities.
