### II.1.4) Short description

Surrey County Council is seeking to appoint a suitably qualified Supplier to deliver a cloudbased Learning Management System.

This will support the following objectives:

To help ensure that optimum learning and development interventions are delivered by providing better management information to enable the learning and development team to make judgments and enabling customers to use a wider range delivery methods;

To support the learning culture within our Sovereign Organisations to demonstrate a significant improvement in terms of alignment between training and business priorities. Encourages customers and managers to make training a priority, to consider different training options (e.g. e Learning) rather than maintain a bias towards classroom training and to make training more accessible to customers;

To reduce the risk for non-compliance. Ensuring that customers complete statutory training (i.e. courses that are required by law, e.g. Health and Safety), and other mandatory training (i.e. courses that are required by SCC, e.g. County Induction, or that are required for a specific role, e.g. Safeguarding);

To redesign customer service experience that provides access to personalised learning that

is relevant to their individual roles, is easy to use, accessible and quick.

To support partnership working with Orbis partners and other third parties, including commercialisation and trading in order to act as a building block towards a harmonized and consolidated Orbis Service.
