- 71000000 - Architectural, construction, engineering and inspection services

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

II.2.4) Description of the procurement

EDC is planning to procure a specialist development management organisation (DM) to manage the coordination, planning, design and construction of major infrastructure and enabling works for Ebbsfleet Central, the urban centre of Ebbsfleet Garden City located on the land around Ebbsfleet International train station. The first phase of development at Ebbsfleet Central is envisaged to comprise c1,100 homes and c80,000m² of commercial development and supporting leisure and community space. The infrastructure and enabling works will include (but are not limited too) clearance, remediation, cut and fill, delivery of a development platform, site servicing and supporting infrastructure with temporary and permanent multi-storey car parks (replacement car- parking for Ebbsfleet International), replacement station forecourt facilities, roads, utilities and extensive high-quality public realm. The likely value of these works for the first phase is in the order of £100 million to 120 million. The DM will manage the coordination, planning, design and delivery of the infrastructure and enabling works covering project management, construction management and development management services. These will include (but are not limited to):

- Strategic development advisory support and leadership to optimise site opportunity and deliver against EDC ambitions
- Full project review including viability
- Procuring and managing the design team
- Oversight and coordination of the detailed design of all enabling works and infrastructure, to secure all necessary consents (including planning)
- CDM and Health & Safety matters
- Extensive stakeholder engagement
- Developing a procurement, phasing, delivery and management strategy covering construction and development delivery (including the role of meanwhile uses and long-term management)
- Programming and logistics
- Supporting the preparation of an Outline Business Case and Full Business Case to Central Government
- Procuring and managing the contractor(s)
- Managing the risk budget
- Development of a site disposal strategy and working alongside EDC's Commercial Advisor to dispose of the resultant serviced plots to one or more sector or phase specialist developers.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Start date

1 November 2022

End date

31 October 2029

This contract is subject to renewal

Yes

Description of renewals

Details regarding renewals will be provided at a later stage.
