II.2.3) Place of performance

NUTS codes

- UKJ36 - Central Hampshire

Main site or place of performance

Winchester

II.2.4) Description of the procurement

The transformation of the central Winchester regeneration (CWR) site is of key strategic importance to the Council. The vision for the area is for a mixed-use, pedestrian friendly quarter that reflects the distinctive character of Winchester City Centre, supports a vibrant retail and cultural / heritage offer which is set within an exceptional public realm and incorporates the imaginative re-use of existing buildings. This vision is set out within the Central Winchester Regeneration Supplementary Planning Document (SPD) 2018 and a Development Brief (included with procurement documents and available for unrestricted and full direct electronic access, free of charge).

The Council is seeking to procure a development partner to turn this vision into reality. It is critical that the development partner shares the passion for transformational development that is sensitive to the heritage of an ancient cathedral City and is prepared to commit for the long term. Commitment to sustainability and engagement across Winchester's varied communities is also required.

The site (as detailed in the procurement documents) is located in the heart of the City and includes the bus station, Kings Walk, Coitbury House, Friarsgate car park and the old Friarsgate Medical Centre. The site comprises circa 3.68 acres (1.49 ha) of land and consists of two separate boundaries.

The indicative GIA mix of uses comprise:

Circa 180,000 sq ft of residential of which a minimum of 40% is to be affordable;

Circa 80,000 sq ft of mixed-use space;

Circa 25,000 sq ft of retail and F&B space.

The Council is seeking to procure a development partner to enter into a development agreement under the terms of which the development partner will undertake to deliver the overall development on a phased basis, and in accordance with the SPD and Development Brief. The development partner will be appointed to carry out design and planning, community engagement and consultation, and all other preparatory activities prior to the draw-down of each phase (by way of long lease). The scheme will require the delivery of all enabling infrastructure as well as exemplary public realm. The long-term stewardship, management, curation and activation of the completed scheme is equally essential.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £150,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

120

This contract is subject to renewal

No

II.2.9) Information about the limits on the number of candidates to be invited

Envisaged minimum number: 3

Maximum number: 4

Objective criteria for choosing the limited number of candidates:

Selection will be based on applicant's submission of the Selection Questionnaire (SQ) and expression of interest. Please refer to the SQ for a detailed understanding of the scoring criteria, weightings and how applicants will be ranked.

II.2.10) Information about variants

Variants will be accepted: No

II.2.11) Information about options

Options: Yes

Description of options
