NHS Sussex ICB is seeking the views of Healthcare Providers in relation to the provision of Life After Stroke services to a population of patients under a NHS standard contract. The Commissioner is considering a contract period of between five and seven years, this remains subject to finalisation.

This is a process designed to help the Commissioner to form a view of the best way to commission the service and is not the beginning of a Tender exercise. A Tender advertisement may be issued at the appropriate time, if required, should the Commissioner consider that the optimum route to commission the service is through a procurement exercise.

Your feedback at this point will not have a bearing on any future Tender submissions you may wish to offer later, should the Commissioner undertake a procurement for this service. You will not be disadvantaged if you choose not to respond to this RFI, but it will be helpful to understand your views at this early stage, so you are encouraged to respond as fully as you can.

From 27th February 2025 to 17th March 2025, we are extending an invitation to interested parties to respond to this RFI. If you would like to have a further conversation about this offer, please contact us via the Atamis eTendering portal.
