## **Section II: Object**

## II.1) Scope of the procurement

#### II.1.1) Title

Provision of: Amyloidosis Networked Model of Care

Reference number

C298937

#### II.1.2) Main CPV code

85000000 - Health and social work services

#### II.1.3) Type of contract

Services

#### II.1.4) Short description

NHS England, Highly Specialised Services (referred to as the Commissioner) is awarding to suitably qualified and experienced providers for the Provision of Amyloidosis Networked Model of Care services, following a Competitive Process. NHS Arden and Greater East Midlands CSU (AGCSU) is acting as an agent for and on behalf of the Commissioner and is supporting the provider selection process.

Amyloidosis is the name for a group of rare, serious conditions caused by a build-up of an abnormal protein, called amyloid, in organs and tissues throughout the body. The build-up of amyloid proteins (deposits) can make it difficult for the organs and tissues to work properly.

The key objectives of the Competitive Process was to commission a networked model of care for Amyloidosis services to establish four regional centres under this initial process. This is to ensure a good level of access in place that is able to meet the expected demand for the service.

The regional centres are proposed to be in the:

- · Lot 2 Midlands
- Lot 3 North West

#### II.1.6) Information about lots

This contract is divided into lots: Yes

#### II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £2,940,000

## II.2) Description

#### II.2.1) Title

Lot 1 - South West

Lot No

1

#### II.2.2) Additional CPV code(s)

• 85000000 - Health and social work services

#### II.2.3) Place of performance

**NUTS** codes

• UKK - South West (England)

#### II.2.4) Description of the procurement

NHS England, Highly Specialised Services (referred to as the Commissioner) is not awarding to any provider for the Lot (1) in the South West.

Amyloidosis is the name for a group of rare, serious conditions caused by a build-up of an abnormal protein, called amyloid, in organs and tissues throughout the body. The build-up of amyloid proteins (deposits) can make it difficult for the organs and tissues to work properly.

The key objectives of the Competitive Process was to commission a networked model of care for Amyloidosis services to establish four regional centres under this initial process. This is to ensure a good level of access in place that is able to meet the expected demand for the service.

#### II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 100

Cost criterion - Name: Price / Weighting: 0

#### II.2.11) Information about options

Options: No

#### II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

### II.2) Description

## **Section VI. Complementary information**

## VI.3) Additional information

This is a Provider Selection Regime (PSR) intention to award notice. The awarding of this contract is subject to the Health Care

Services (Provider Selection Regime) Regulations 2023. For the avoidance of doubt, the provisions of the Public Contracts Regulations 2015 do not apply to this award. The standstill period begins on the day after the publication of this notice. Representations by providers must be made to the relevant authority by Tuesday 11 March 2025. This contract has not yet formally been awarded; this notice serves as an intention to award under the PSR.' Representations should be sent to <a href="mailto:anna.salt@nhs.net">anna.salt@nhs.net</a>. The award decision-makers is NHS England National Commissioning Group (NCG); - The Key Criteria used for the award:

Quality & innovation: 35%

Value: Pass or Fail

Integration, Collaboration & Service Sustainability: 26%

Improving Access,

Reducing Health Inequalities and Facilitating

Choice: 24%

Social Value: 15%

The rationale for choosing the provider(s) were based on them being the highest scoring bidders, which was approved by NHS England governance following a comprehensive evaluation process.
