Scope

Reference

NTU/25/2893/MP

Description

NTU is looking to set up a Mechanical & Electrical Works Framework – Lot 1 Mechanical Works up to approximately £500,000; Lot 2 – Electrical Works up to £500,000. NTU Will use further competition to award individual projects. The successful tenderers will form a framework, and it is anticipated this will consist of a maximum four contractors per Lot. The framework will include both physical contract works and, in some cases, require the contractor to design the works they will install. Essentially, this will be a design-and-build service where NTU provides a project brief or performance specification, and the supplier assumes responsibility for developing and installing the solution. The framework must also cover smaller-scale or lower-value remedial works, call-outs, and dayworks.

Commercial tool

Establishes a framework

Total value (estimated)

- £2,666,666 excluding VAT
- £3,200,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 1 April 2026 to 31 March 2028
- Possible extension to 31 March 2030
- 4 years

Description of possible extension:

2+1+1

Main procurement category

Works
