Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Property Design and Associated Services

Reference number

IA2707

II.1.2) Main CPV code

- 71000000 - Architectural, construction, engineering and inspection services

II.1.3) Type of contract

Services

II.1.4) Short description

Staffordshire County Council requires the whole range of design services from feasibility through to construction contract management.

Typical projects are corporate building extensions and refurbishments with occasional new build but the majority of work involves the provision of new schools or school expansions.

The council expects to spend on average circa of £15m per annum on school buildings over the next three years on 12 projects.

Corporate buildings work is less certain but in the region of £10m over the three years. However, there is the potential for this to be significantly higher.

The new arrangements will replace an existing outsourced design provision and it is anticipated that the new provider would be expected to receive circa 25 employees under TUPE transfer.

II.1.5) Estimated total value

Value excluding VAT: £6,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKG - West Midlands (England)

II.2.4) Description of the procurement

Staffordshire County Council requires the whole range of design services from feasibility through to construction contract management.

Typical projects are corporate building extensions and refurbishments with occasional new build but the majority of work involves the provision of new schools or school expansions.

The council expects to spend on average circa of £15m per annum on school buildings

over the next three years on 12 projects.

Corporate buildings work is less certain but in the region of £10m over the three years. However, there is the potential for this to be significantly higher.

The new arrangements will replace an existing outsourced design provision and it is anticipated that the new provider would be expected to receive circa 25 employees under TUPE transfer.
