II.2.4) Description of the procurement

Hertfordshire County Council is currently out to procurement for Camera Enforcement Services for Bus Lane and Moving Traffic Contraventions. The highway network provides one of the most important and valuable public facilities for Hertfordshire and it is continuously occupied for place, movement and asset management purposes. The competing and sometimes conflicting demands for use of the highway far outstrip its capacity and, therefore the network needs to be managed actively. In some cases, proactive enforcement will be necessary to ensure that the local traffic management objectives are achieved. The Council is looking to undertake camera enforcement of bus lanes, bus gates and other moving traffic offences from early 2023. The necessary powers for unattended camera enforcement of bus lanes and gates were obtained in 2007 but enforcement is not currently undertaken. The Council is preparing to seek powers under Part 6 of the Traffic Management Act (2004) for the civil enforcement of other moving traffic offences. To support this ambition the Council wants to procure an optimum service from a single end-to-end provider through a four-year contract, extendable to seven years. Please refer to Schedule 1 of the Contract- Specification for full details of the Service by logging in to <https://intendhost.co.uk/supplyhertfordshire.aspx/Home>. This procurement is an open process. Organisations wishing to take part in this project are invited to 'express an interest' and also 'opt in' which will give access to the full procurement documents in the e-tendering system. To be considered as a Tenderer you must complete and submit a Tender by the deadline of 12 noon on the 21st April 2023. Tenderers should seek independent legal advice on the implications of this prior to submitting their Tender, where appropriate.
