NHS Provider Selection Regime Direct Award C. The current incumbent, Hadwen Health, was considered against the 5 key criteria. These criteria are not weighted differently as they are equally important for this service. They are currently meeting all contractual and legislative requirements for the delivery of the service and Hadwen has consistently high performance in the delivery of these medical reports, with at least 20 reports being completed per month days.

There is consistently positive feedback regarding the service from the Permenance Service in Gloucestershire Health and Care who generally deliver these assessments.
