contract):

Additional services required for at least 3 months to address deficiencies in the completion of deliverables by an incumbent service provider, including knowledge transfer and handover to Fujitsu Services Limited. The additional services are within the scope of the existing contract with Fujitsu Services Limited.

#### VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Contracting with another service provider would cause significant duplication of costs. Fujitsu Services Limited already have a working knowledge of the developed system and are contracted to accept handover of, and provide support to, the system. Preparing and procuring a new contract with a separate contractor for short term service provision would result in significant delay and duplication of costs in the handover to Fujitsu Services Limited.

#### VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptions and average inflation)

Value excluding VAT: £341,997

Total contract value after the modifications

Value excluding VAT: £1,091,997
