VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

12 month extension to the contract

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Investigations into technical matters related to exiting the current contract and early market engagement for consideration of possible alternative providers indicated there is insufficient time to undertake and conclude a procurement procedure, and implement a replacement service by the 28 March 2024. The assumptions and evidence gathered to date, indicate that there is are potential significant time and costs required to replace the

current service, which is reflected in the duration of the extension period of this notice. The risk of service disruption is significant if the current service provision is not secured whilst work is completed to undertake a new procurement procedure to replace the current contractual arrangements.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £300,515

Total contract value after the modifications

Value excluding VAT: £698,767.81
