Closing date for submissions is by 17:00 on Friday 14 March 2025.

This soft market testing exercise is part of exploratory research around the future commissioning options for the service contract. It is purely investigatory in nature, although it may be used to assist the council in the development of the future delivery model, service viability and the potential routes to market under the Provider Selection Regime. For the avoidance of doubt, this is not a call for competition and providing a response will not preclude your participation in any future procurement exercise.
