It is the Department for Education's intention to undertake a procurement exercise to appoint a suitably experienced organisation to deliver The Fosterline Service on behalf of the Department from 1st October 2023.

The Fosterline Service is a free, independent national advice service that offers support for both current and prospective foster carers. It has been in place since 2006, funded by the Department of Education. During that time, the Department also increased the scope of Fosterline from responding to ad hoc enquiries to offering individualised ongoing services for current or prospective foster carers requiring help with ongoing issues or detailed tax and benefits advice. The services aim to support foster families to stay together during times of crisis, reducing placement breakdown, and avoiding costs associated with this. The current service is widely used, with over 108,000 contacts (through the helpline service, 1-2-1s, web-chats, emails, website visits etc) in the year 2021-22.
