Award

Spectral Cell Sorter

University of Exeter

F15: Voluntary ex ante transparency notice

Notice identifier: 2023/S 000-007664

Procurement identifier (OCID): ocds-h6vhtk-03b35c

Published 16 March 2023, 11:54am

Section I: Contracting authority/entity

I.1) Name and addresses

University of Exeter

Northcote House

Exeter

EX4 4QH

Contact

Megan Brine

Email

m.brine@exeter.ac.uk

Telephone

+44 1392723333

Country

United Kingdom

Region code

UKK - South West (England)

National registration number

RC000653

Internet address(es)

Main address

<http://www.exeter.ac.uk>

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Spectral Cell Sorter

Reference number

UOE/2022/097/MB

II.1.2) Main CPV code

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.1.3) Type of contract

Supplies

II.1.4) Short description

The University of Exeter has a requirement for a cell sorter which uniquely combines the speed, sensitivity, quantity, and multi-parameter phenotyping abilities to analyse and isolate individual events such as bacteria, plankton/algae or mammalian cells. The equipment offers extremely powerful new approaches for research in environmental and medical microbiology, marine and plant science, as well as infectious disease and is the only solution that can achieve all of our requirements.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £534,000

II.2) Description

II.2.2) Additional CPV code(s)

- 38000000 - Laboratory, optical and precision equipments (excl. glasses)

II.2.3) Place of performance

NUTS codes

- UKK - South West (England)

Main site or place of performance

EX4 4QH

II.2.4) Description of the procurement

The University of Exeter has a requirement for a cell sorter which uniquely combines the speed, sensitivity, quantity, and multi-parameter phenotyping abilities to analyse and isolate individual events such as bacteria, plankton/algae or mammalian cells. The equipment offers extremely powerful new approaches for research in environmental and medical microbiology, marine and plant science, as well as infectious disease and is the only solution that can achieve all of the University's requirements.

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

The University of Exeter has a requirement for a cell sorter which uniquely combines the speed, sensitivity, quantity, and multi-parameter phenotyping abilities to analyse and isolate individual events such as bacteria, plankton/algae or mammalian cells. The equipment offers extremely powerful new approaches for research in environmental and medical microbiology, marine and plant science, as well as infectious disease.

The BD FACSymphony™ S6 Spectral Edition (SE) Cell Sorter, is the only Cell sorter that offers all the required specifications mentioned above:

- Gel-coupled quartz-cuvette flow cell for greater sensitivity ensures that lasers are precisely focused on the sample stream, and therefore the maximum amount of emitted light is collected.
- PMT detector: The detector array system of the S6 is PMT based with different detector sensitivities, of which the solution offers the required, enhanced range.
- Spectral Technology: S6 SE is coming with an array 50 PMT PMT detectors coupled with a spectral module and software that allows the unmixing of individual spectral emissions and also the capability to use close fluorochromes.
- BSL-II Cabinet: S6 SE cell sorter is integrated with a real Class II type A2 Biosafety Cabinet from Baker with a microbiological safety report.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract/concession

A contract/lot is awarded: Yes

V.2) Award of contract/concession

V.2.1) Date of conclusion of the contract

16 March 2023

V.2.2) Information about tenders

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor/concessionaire

Becton Dickinson UK Ltd

1030 Eskdale Road, Winnersh Triangle, Wokingham

Berkshire

RG41 5TS

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

V.2.4) Information on value of contract/lot/concession (excluding VAT)

Total value of the contract/lot/concession: £534,000

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body

Royal Court of Justice

Strand

London

WC2A 2LL

Country

United Kingdom

VI.4.2) Body responsible for mediation procedures

Royal Court of Justice

Strand

London
