VI.4.3) Review procedure

Precise information on deadline(s) for review procedures

A standstill period will follow the council's provisional decision to select a provider and must end before the contract can be awarded. It gives time for any provider who might otherwise have been a provider of the services to which the contract relates to make representations; and for the council to consider those representations and respond as appropriate. If following the council's review of its representations a provider wishes to request that the Independent Patient Choice and Procurement Panel considers its representations, then it must submit its request using a pro forma published by the panel within 5 working days of receiving the council's decision.
