Material is likely to come predominately from Household Waste Recycling Centres and possibly other Council premises or operations. Material may be sorted or unsorted. There is no guarantee that waste wood will meet PAS104 or PAS111 standards. It is recognised therefore that both low-grade, (suitable for some processing and power and heat generation) and high grade (as per PAS104) may be encountered. Materials likely to be included within scope are processed Hardwood, MDF, Chipboard, Plywood and/or Blockboard.

This Lot will be collected by the winning bidder in their own (or a suitably qualified sub-contractor's) walking floor articulated vehicle, or another suitable vehicle type as agreed.
