CONTRACT AWARD NOTICE VALUE

The original contract award notice (OJ S: 2019/S 103-250169) incorrectly omitted costs from the total contract value. The 'updated total contract value before the modifications, value excluding VAT' in this notice has been updated to 25,358,810 GBP to include these omitted costs, and any reference to the contract value before modifications in this notice shall reflect this corrected value hereafter.

ORACLE CORPORATION UK LTD

The total contract value originally published under contract award notice 2019/S 103-250169, omitted Oracle Corporation UK Ltd as an awarded supplier, but included costs for Oracle Core Products. This notice has been updated to include Oracle Corporation UK Ltd as an awarded supplier.

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

In accordance with the permitted contractual change mechanism, the University has undertaken a number of contract modifications with Inoapps Ltd; these allow for changes in requirements and additional work to be delivered under the existing contract.

These modifications were necessary and largely a result of additional requirements and internal requirements changes.

The overall nature and duration of the contract as described under 'II.2) Description', remains unchanged.

VII.2.2) Reasons for modification

Need for additional works, services or supplies by the original contractor/concessionaire.

Description of the economic or technical reasons and the inconvenience or duplication of cost preventing a change of contractor:

Inoapps Ltd are supporting the design of the University's transformed business processes, enabled by the technical solution using the Oracle SaaS platform. Another contractor would not have access to the Inoapps proprietary methodology for design and implementation; and disclosure of the methodology or technical products from that approach to a third party would be a breach of confidentiality. As such a change of contractor cannot be made for these technical reasons. Any change in contractor would also cause significant disruption, duplication of internal and external costs and also add significant inconvenience and complexity in support arrangements post implementation.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £25,358,810

Total contract value after the modifications

Value excluding VAT: £33,525,827
